I have an addiction to orgasms; giving them and especially getting them! But that's not all, I have a major butt fetish. It happened one night while I was masturbating. I was a little extra horny, so I stuck a finger up my butthole, just to see if I liked it and I did—I really did! I came way harder and way longer than usual. All it took was that one finger stroke and I was hooked on backdoor action! Pretty soon I was jerking off with three fingers up my tight backdoor. Now I can't cum unless my butt gets some treatment! I still haven't let a guy put his penis back there though, but I know I will! I guess I'm waiting to find a guy I really like, but until then, it's all mine!

Isabella is a butt slut! We knew she had a dirty secret!

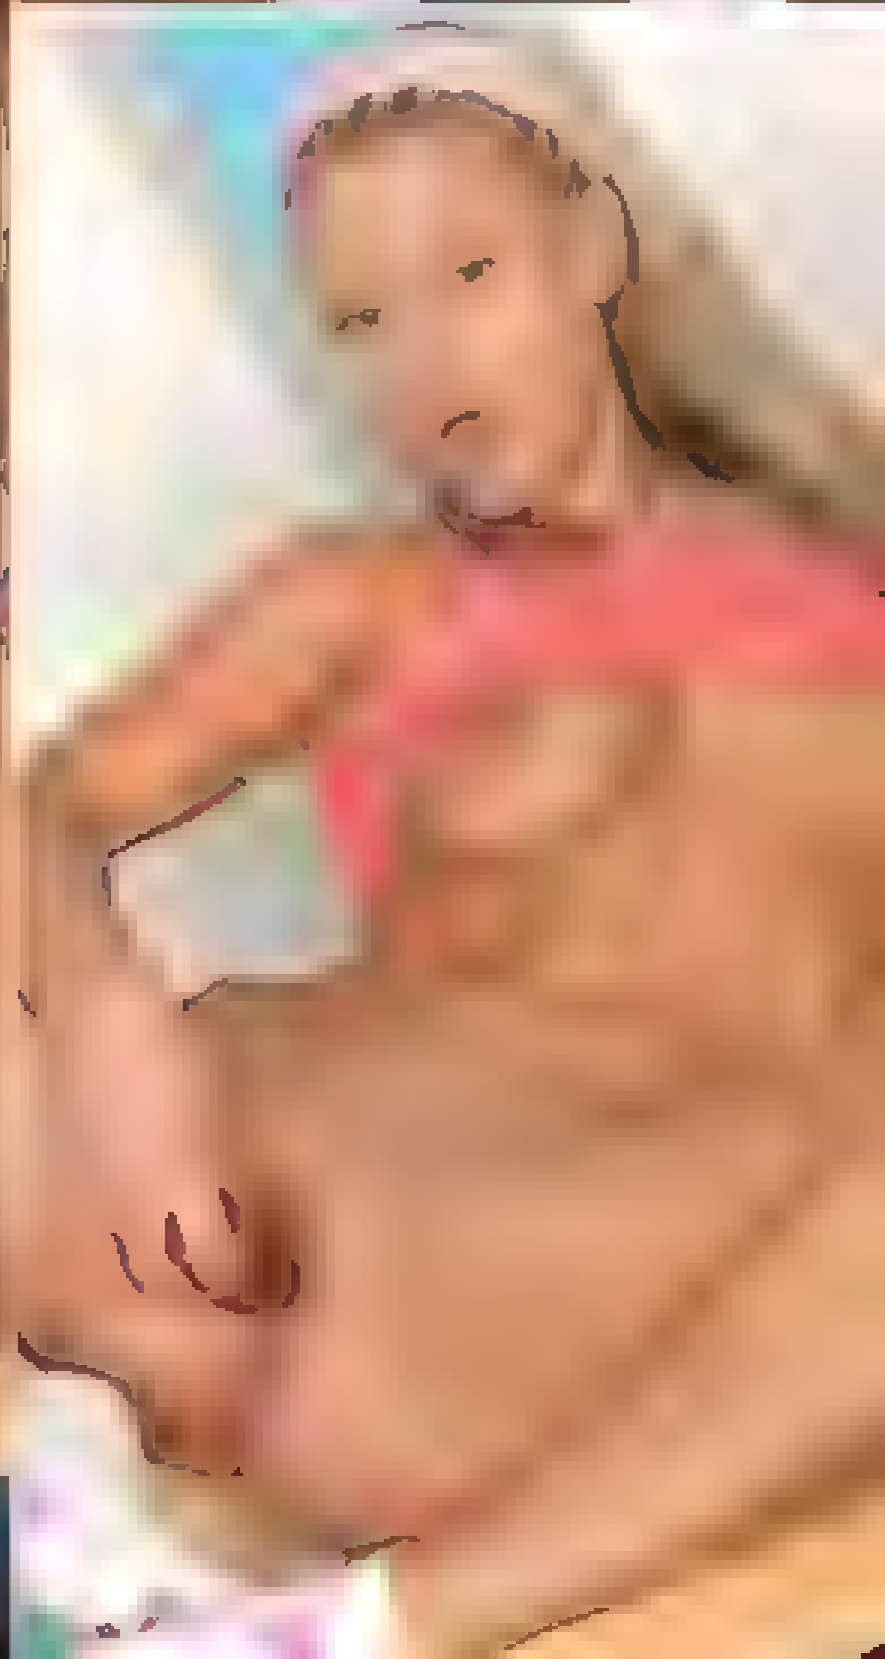

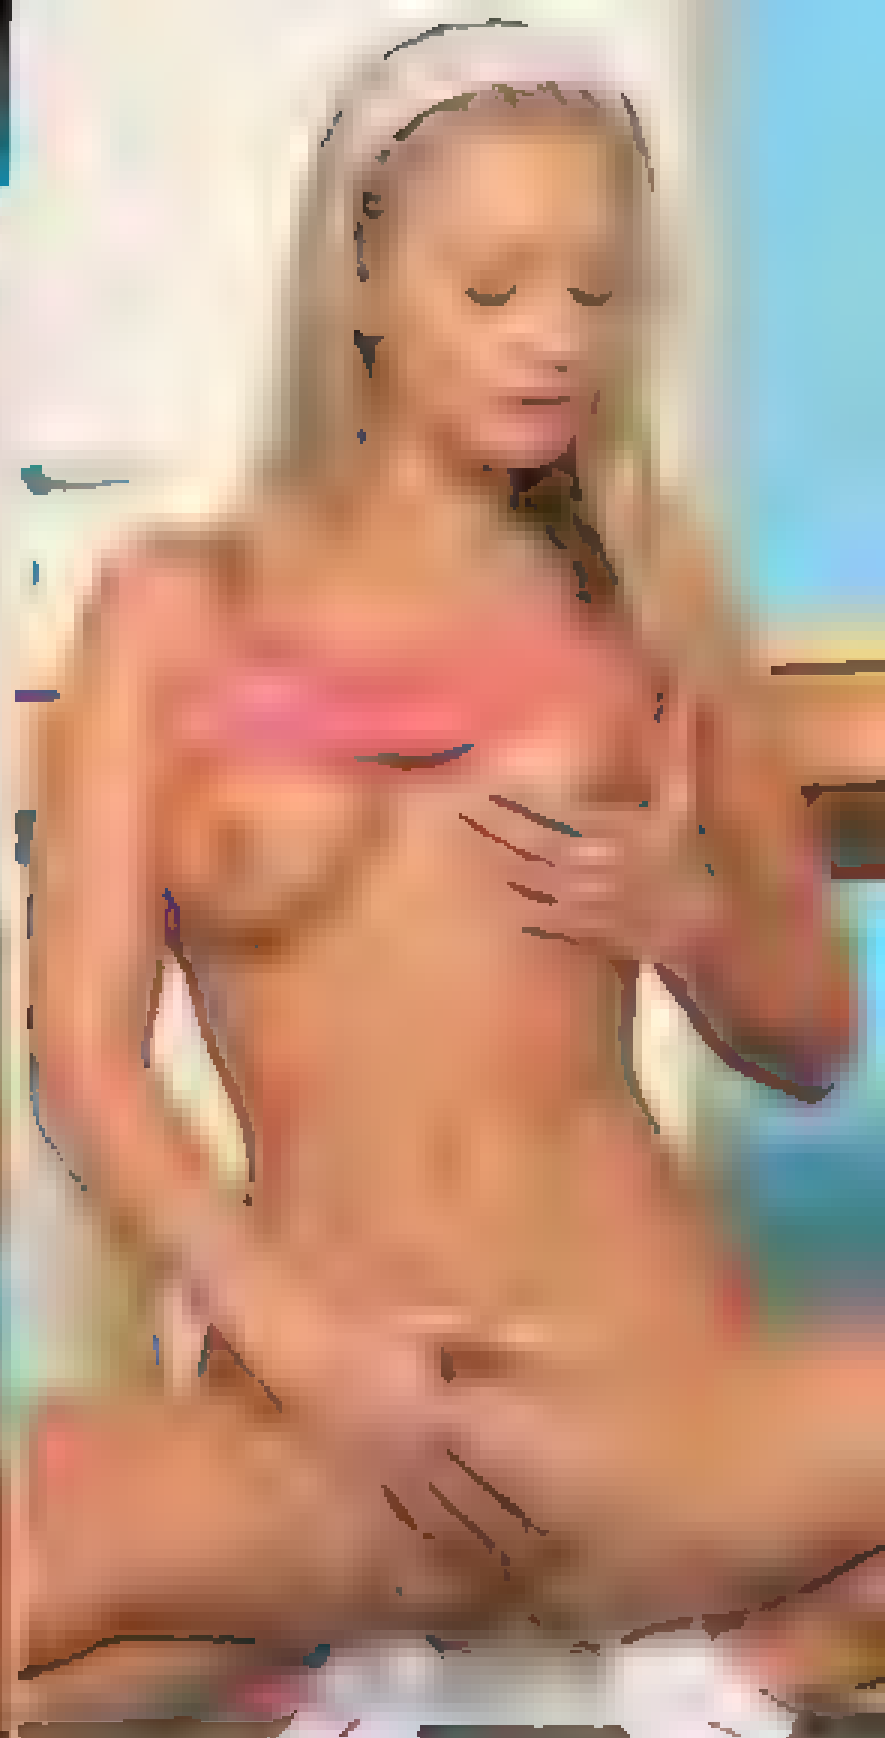

**I** really miss being a cheerleader! Strutting my stuff in high school was such a great time! My boyfriend, the star quarterback, used to get excited watching me, especially when I shook my bubble butt around. He wanted to screw me in the ass big time, but I wouldn't let him until the night we won the state championship. It was awesome! I didled my clit while he pumped my tight, little pucker and we both exploded at the same time. I wish they had an athletic program at my college, then I could fuck the entire team to victory!

**FOR**

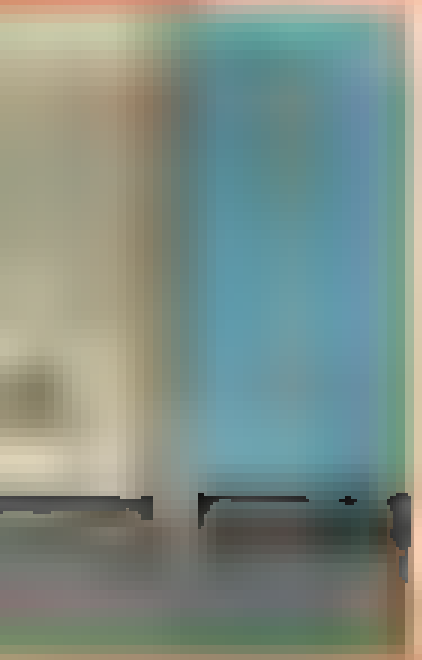

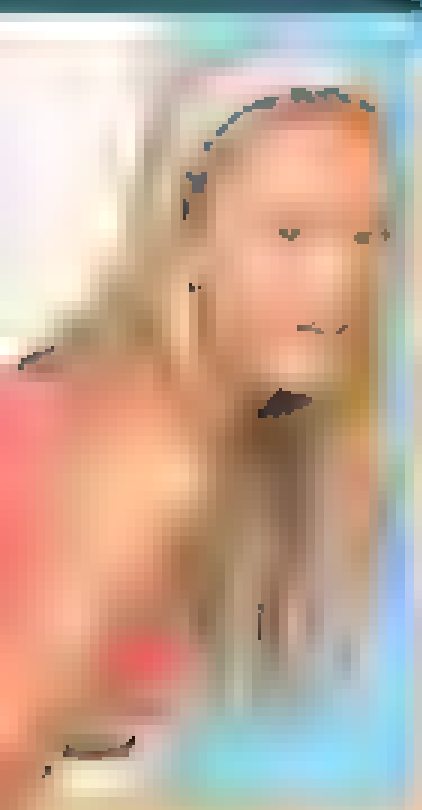

Here's  
something  
to cheer  
about!

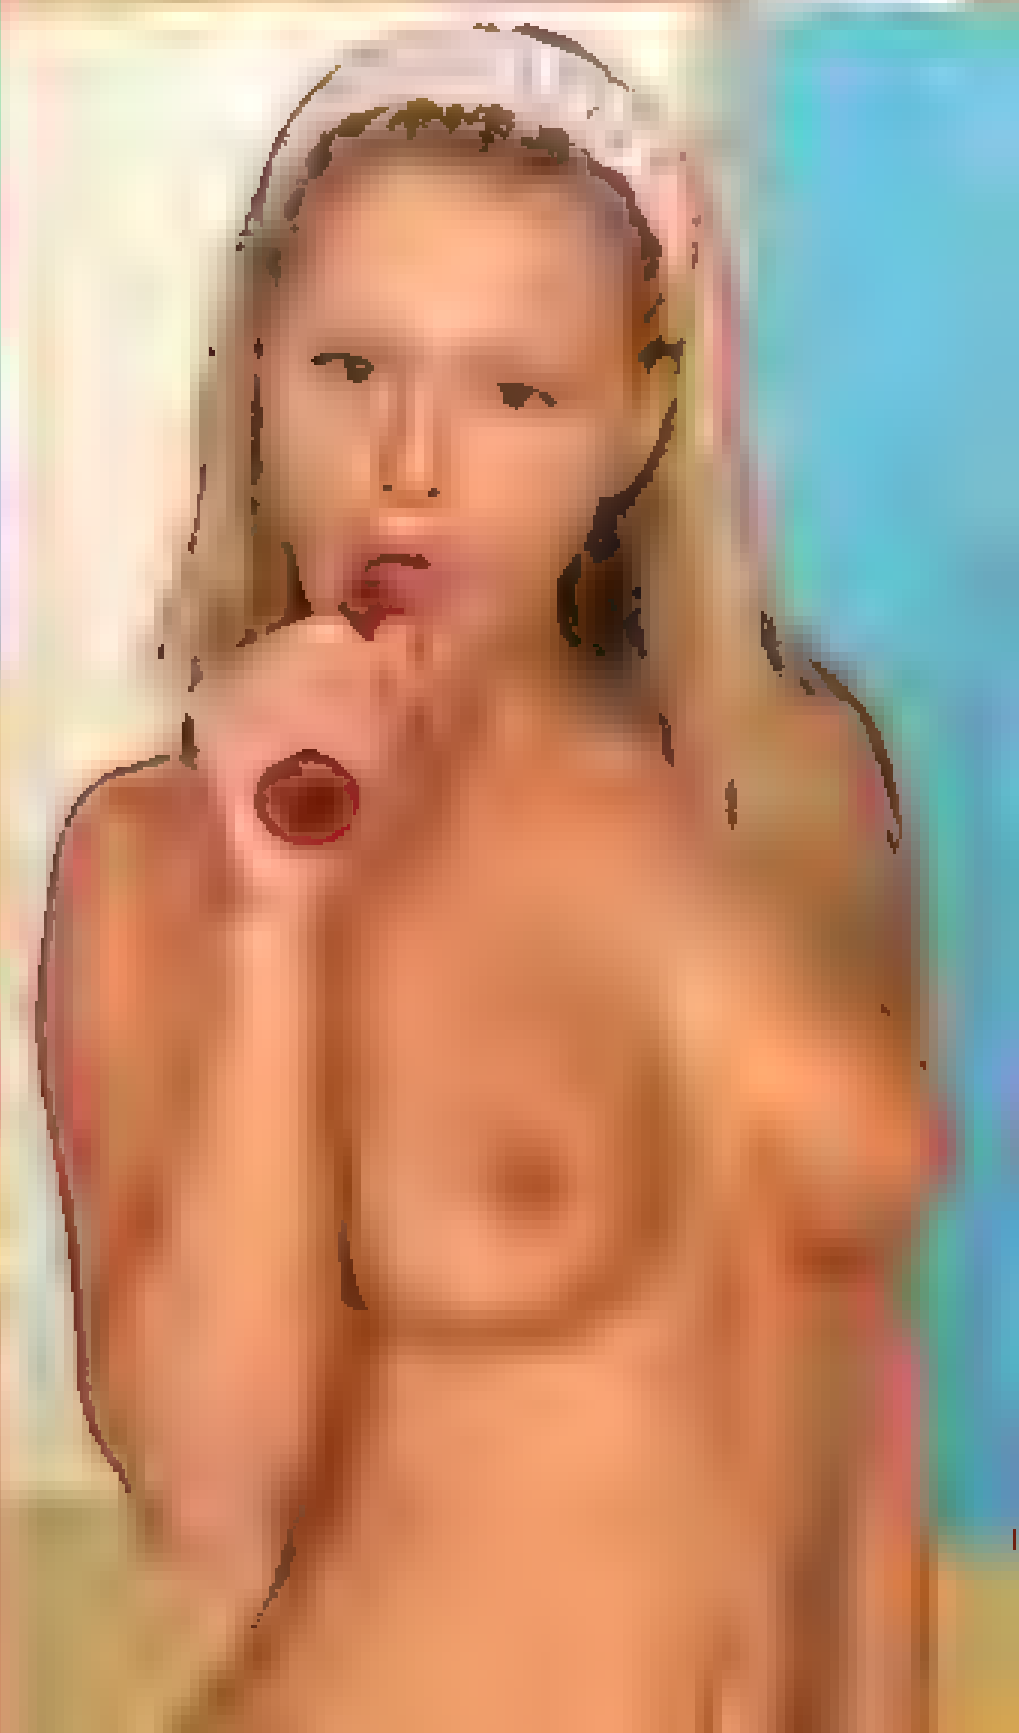

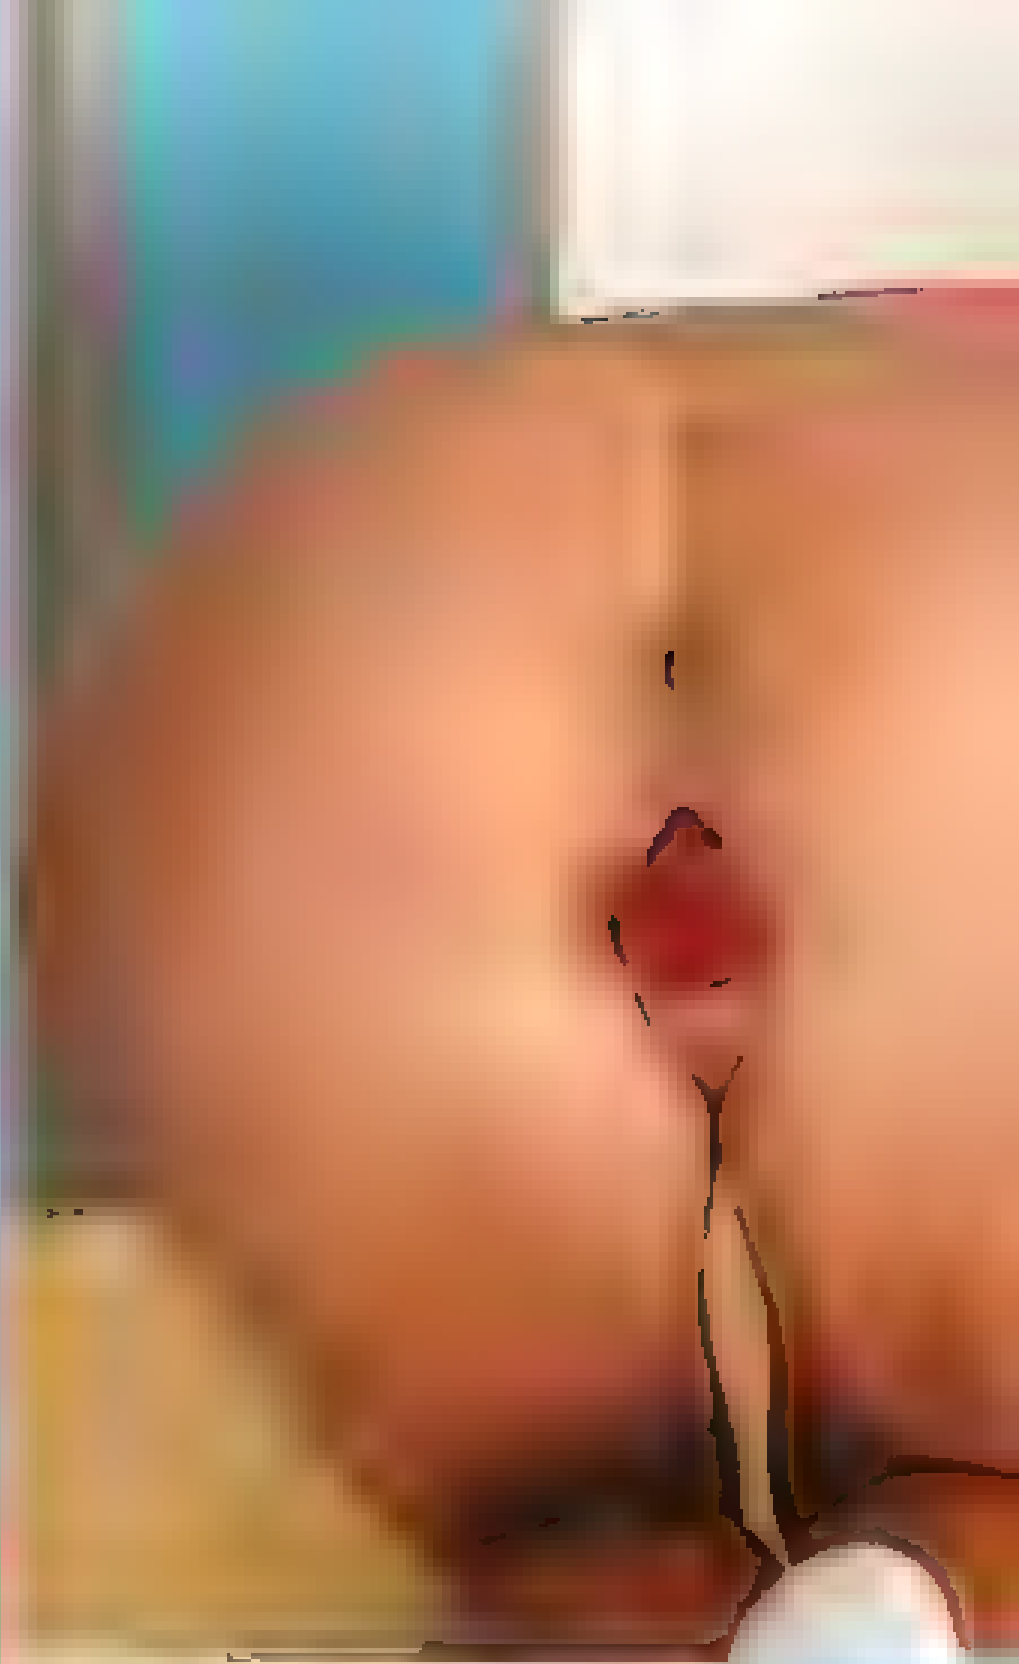

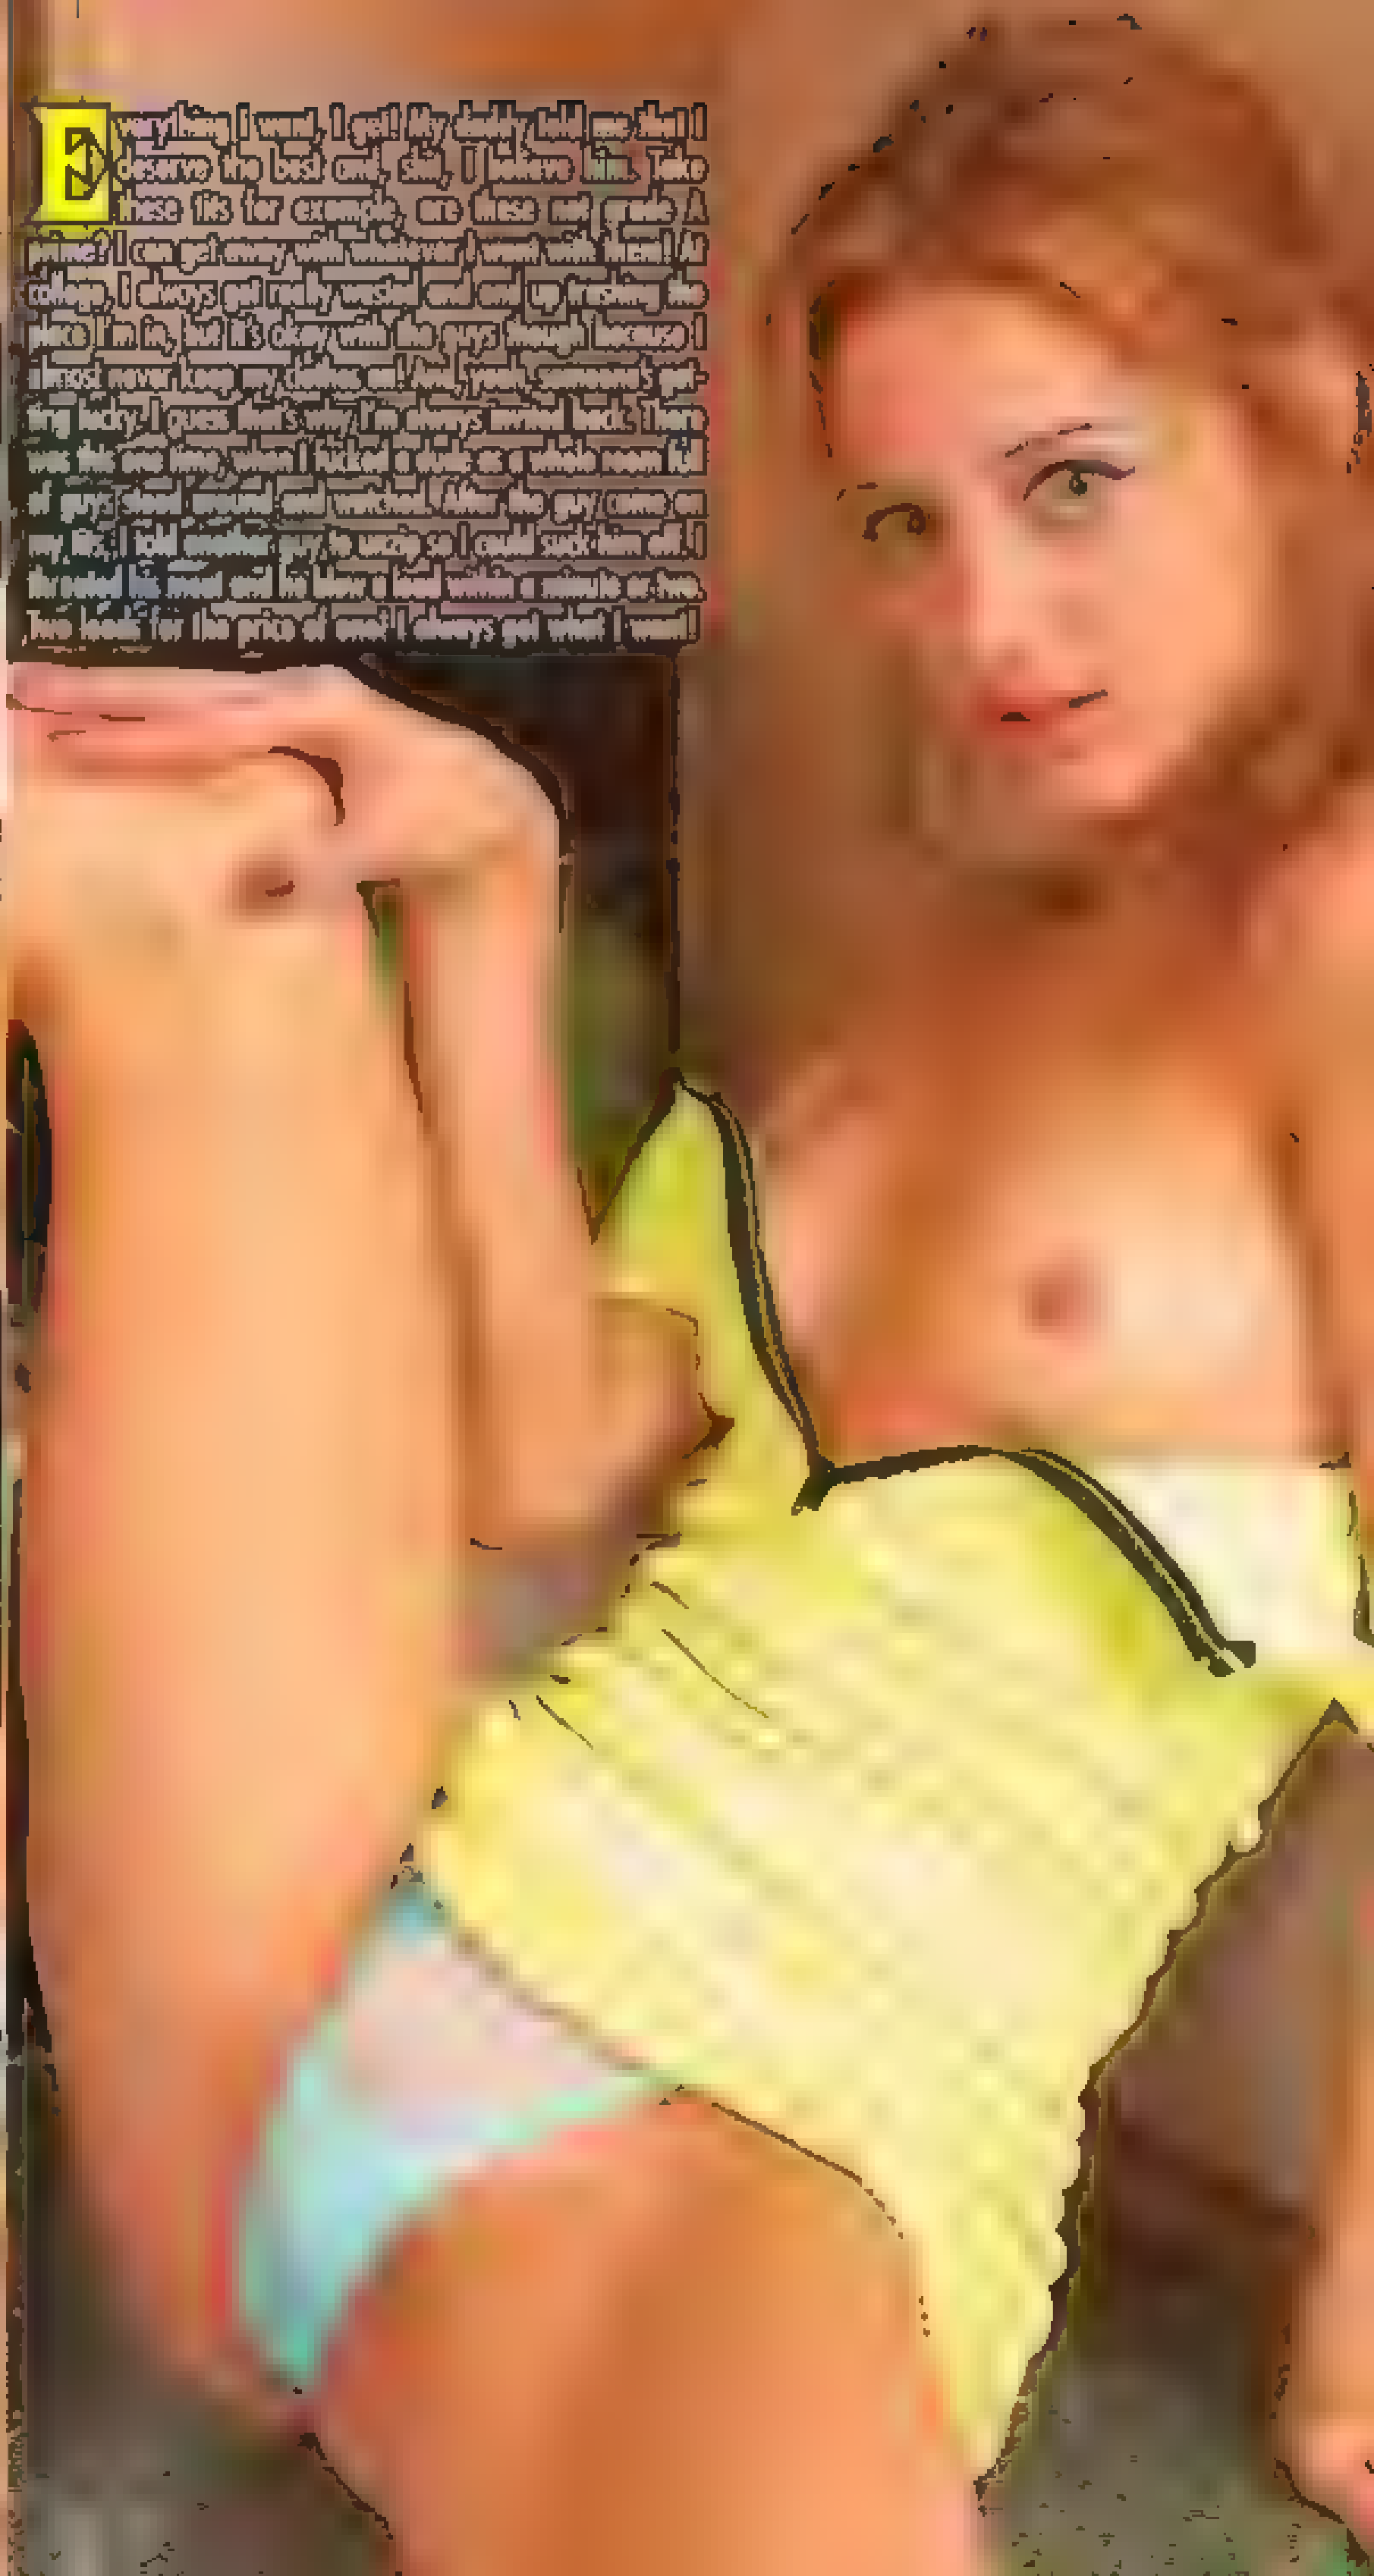

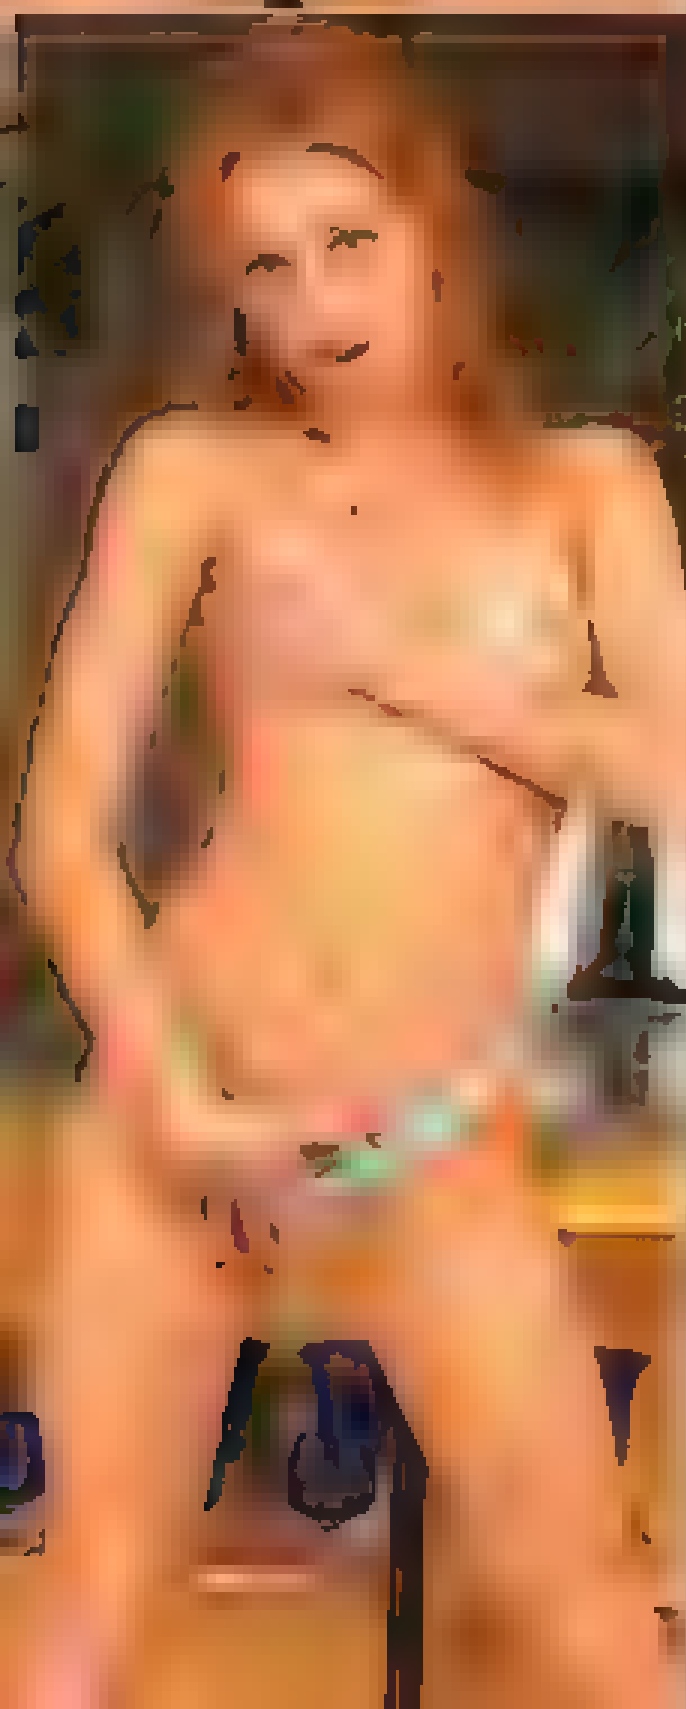

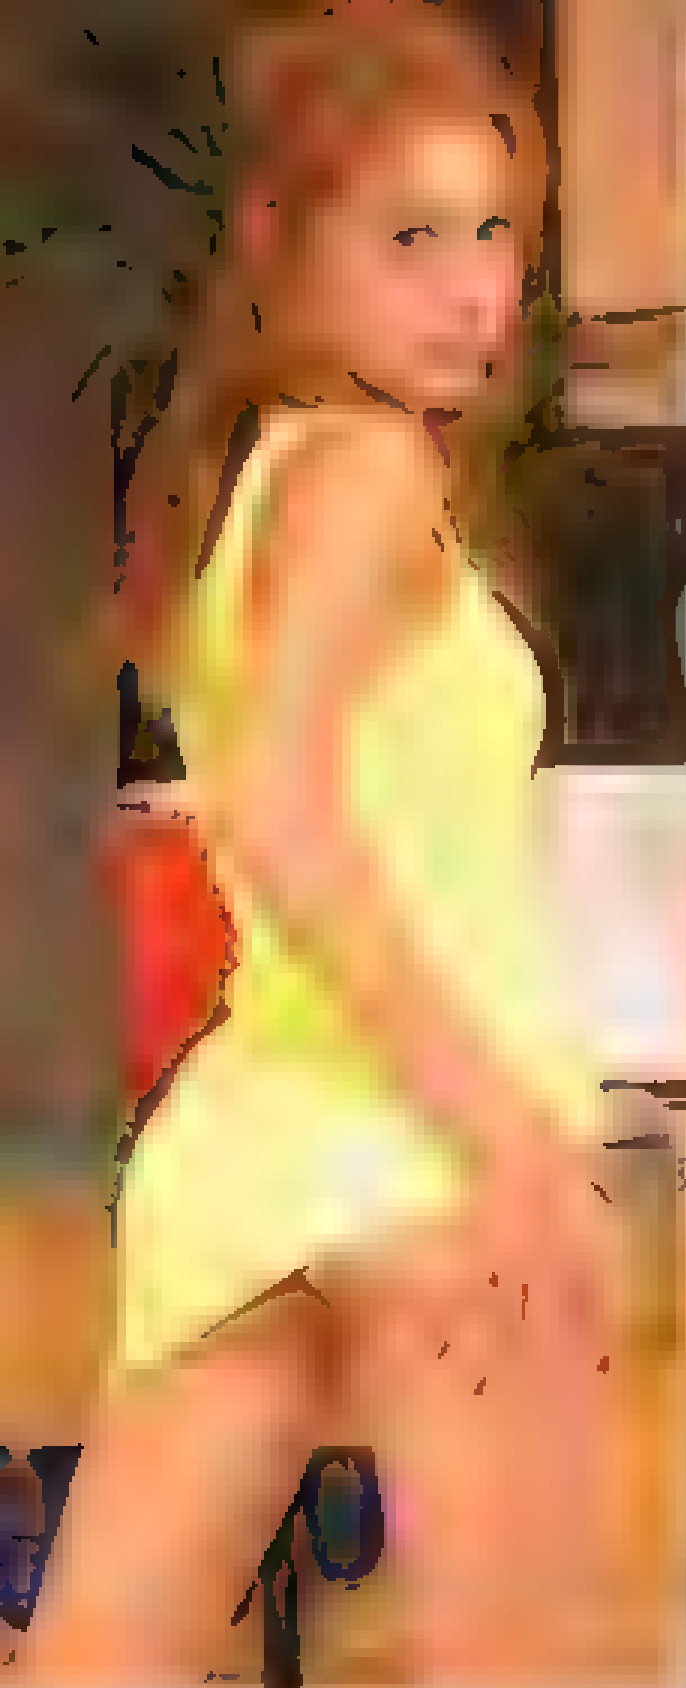

**E**verything I want, I get! My daddy told me that I deserve the best and, um, I know him. Take these fits for example, are these not grade A prime? I can get away with whatever I want with him! At college, I always get really wasted and end up finding the place I'm in, but it's okay with the guys though because I almost never keep my clothes on! And, yeah, someone's getting lucky—I guess that's why I'm always invited back. There was this one time, when I fucked a dude in a whole room full of guys, stood around and watched. After the guy came on my tits, I told another guy to unzip so I could suck him off. I threaded his meat and he blew a load within a minute or two. Two loads for the price of one! I always get what I want!

by John R.

The thought of a guy seeing my tight body with nothing on came to mind and I started about filling me up with his dick was so exciting.

With that thought racing around my head, pretty soon I got even more nervous. I sat on the toilet and pulled up my skirt. "Can't you check me out?" is what I was saying to the world at large. "I have my body and it makes me wet so show it off for you. Please take a long look at my private parts. Won't you?"

So there I was sitting for one minute, camera and guy are taking by the second. It was the ultimate challenge. However, I couldn't show off my body in public. I lay down on the toilet and pulled up my top. My naked breasts were exposed to anyone who wanted to come and take a look. I spread my legs and pulled up my skirt, knowing that the world could see my sexy pussy all through these thin panties. I did some spins and leg lifts, showing off my toned legs in so many ways. And I always hoped that someone was enjoying the show.

I looked down, stripping slowly and seductively. Once my skirt and top were off, I started to get at my pussy. My friend's eyes, kind of bulged out and started shooting sweat fast while I showed off my hottest pussy. I pulled my panties up and side to side, gave him a long look at my pussy. I spread my legs wide apart with my fingers then plunged one finger deep inside and started it around. It felt so good fucking good to be so sexy in full view of the public. And it felt so good just as good to anyone who dared to watch my performance.

As I said, I went slowly, I took my time. I got completely naked eventually and really got to enjoying my

lacy. I was so wet and juicy just from spacing my tight body, keeping it for beside of me was almost too much stimulus. I was giving my pussy wild erotic abandon, the image of my boyfriend's cock driving in and out of my slit, spurring me on. My fingers were soaked and power stroked my hard slit on the way to a huge orgasm. Now I brought myself to a knee-buckling orgasm after orgasm, right on the edge for the perfect sex. Till I liked and sucked my fingers, savoring each drop of my honey nectar.

All at once, from behind I felt someone's hands on my breasts, pinching my nipples with gentle coarse fingers. I was stupid in my lust and the orgasmic haze that I didn't open my eyes. "Fuck me," I whispered. "Please fuck me." The pressure on my nipples increased for a moment, then I felt two hands cupping my naked breasts, slowly squeeze, soot my breasts, water being sucked on tenderly, expertly, and ahead Tracey's line down my tummy to my tingling feet. I could feel my mystery lover's breath on my neck, and smell the tangy aroma of his sweat and cologne.

Opening my eyes, I found my gay friend caressing me up and

staring at me in such joyous amazement. Gathering our senses for the briefest of moments, he pulled me behind some low bushes so we were out of the public's direct sight. No doubt somebody would see us, but at least we weren't going at it like barn animals in front of everybody.

Without exchanging any words he was on top of me, practically devouring me whole. His tongue lapped between my lips, and I sucked at it hungrily. My nipples were aching with desire and when he wrapped his soft lips around one I moaned in ecstasy. There was no stopping the carnal madness. I yanked down his pants. His thick hard cock popped out and I grabbed it thoughtlessly and started to pump it with my fist. A single drop of cum seeped out followed by another. I rubbed his groin, continued against my hard cock, urging him to suck. His rigid rod and my sucking was pure joy.

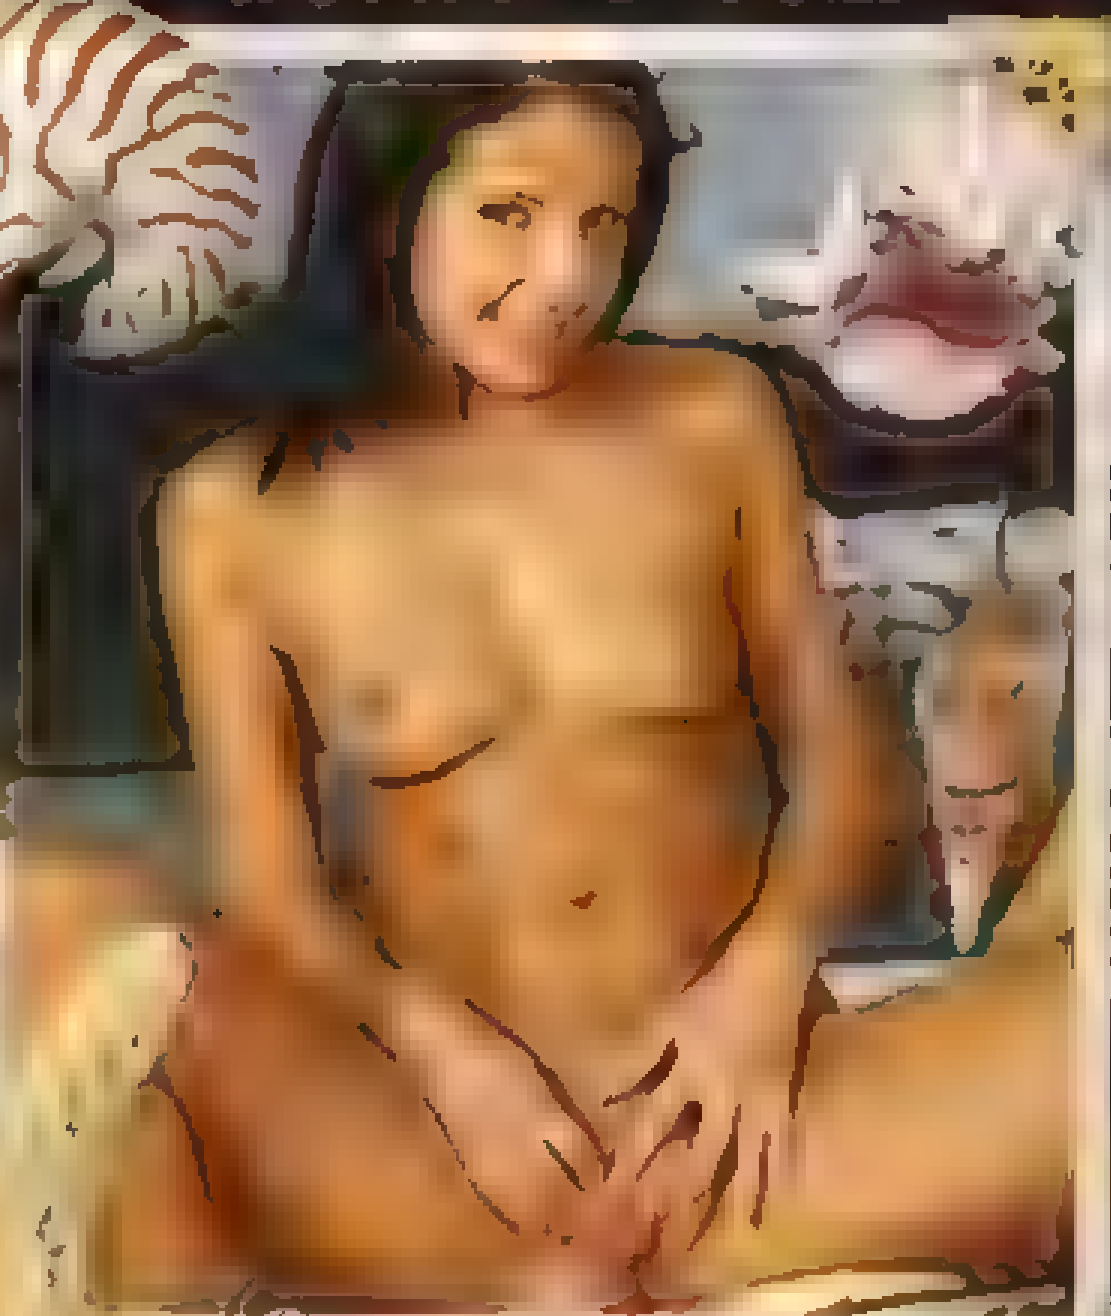

Falling backwards onto the soft, green grass, I landed on my back and every hard inch penetrated me in one purposeful thrust. I arched my back to take all of him into my pussy and locked my legs high around his shoulder blades.

Working away with great hole like rhythm possessed, he fucked me harder and deeper than I have ever done before. His cock sailed in and out of me with both military precision and steady deep strokes of animal passion. As our bodies perked and fell together again and again the changes of our controlled moans began to get louder. We were up on work of dirty cum flowed from my pussy and dripped both of the ground and us as well.

When my mate & quick ejaculator that bout of public banging, I don't know what we were thinking, or if we were thinking at all. I had such a wonderful day. At home later that day, I frigged myself several more times nothing really second in my mind. Thank goodness we weren't caught. I should have had a hard time explaining that to my boyfriend.

Spending of week, when my boyfriend got back from vacation I surprised him with a bunch of the pictures that his buddy took. Of course I told him I did it all by myself. Why bother hurting him? What he doesn't know won't hurt him.

This was the first exciting dare I have ever accepted. But I'm sure there's another thing out there just waiting for me. The kids or the teacher as always. Just don't tell my boyfriend I fucked his pal.

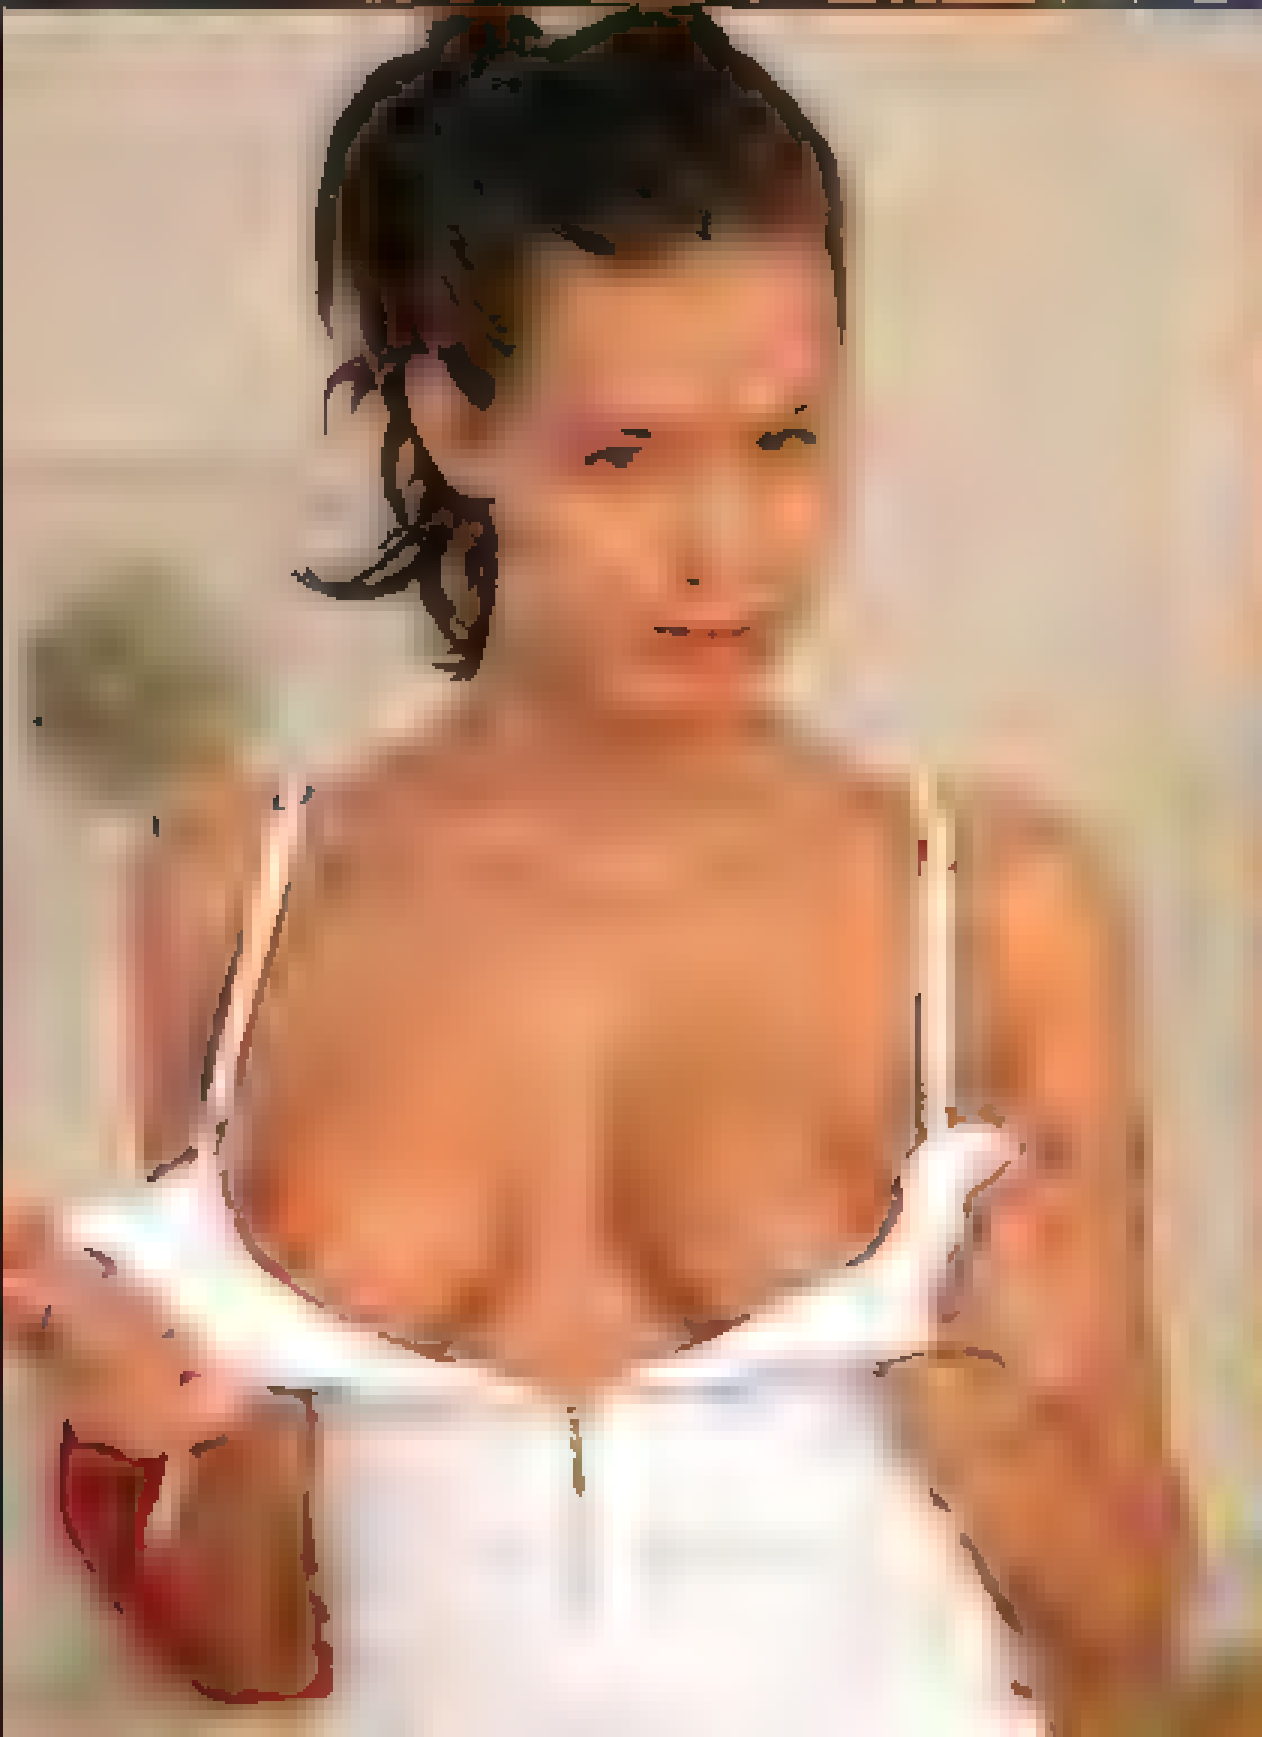

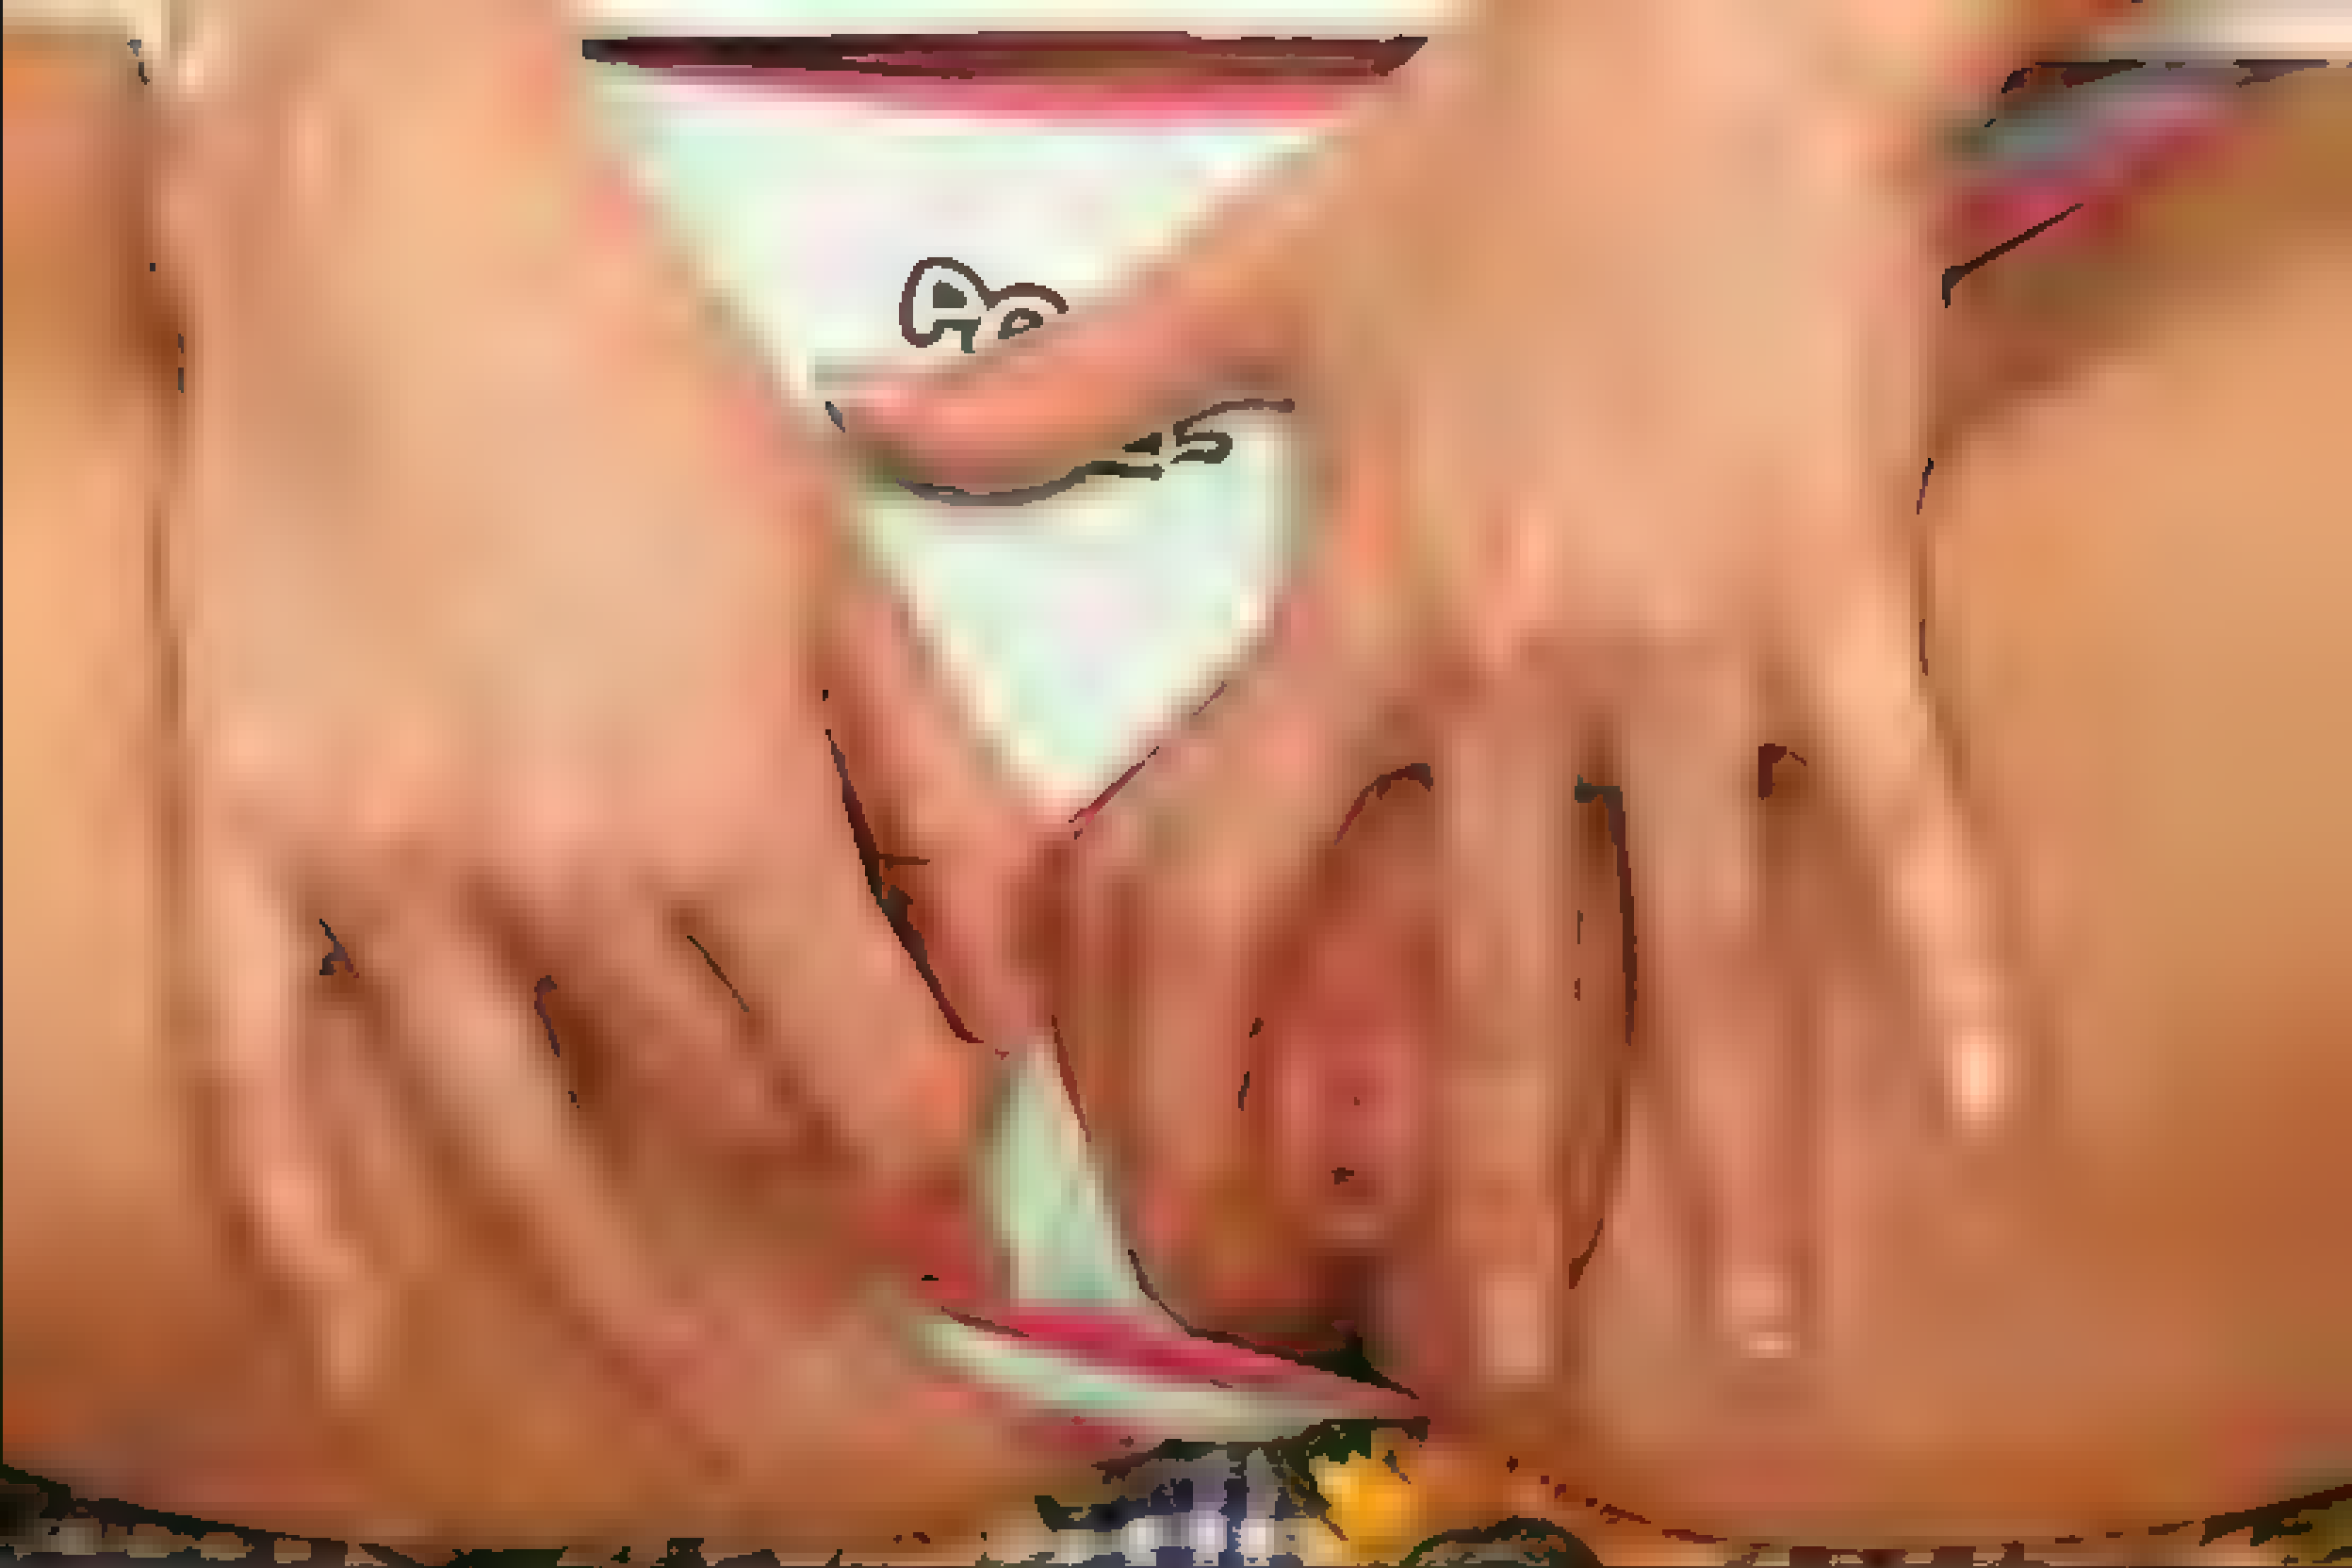

# CLARA

Clara has one tight young body that's made for lingerie. Good thing she loves her panties!

**T**hese panties are so fucking sexy I can't control myself when I wear them! They fit so nice and snug and tight around my pussy, and the thong part rubs my ass in just the right way. But, they got me into too much trouble! Last time I wore these, I had my first one night stand. The lucky guy must have thought he had said all the right words, but I knew the real reason I was out dancing and my pussy was buzzing and wet from all the right friction! This guy put his hands on my hips from behind and I almost came! My whole body shuddered as my nipples got hard and a little wet spot formed on my panties. I tongue kissed him and took him back to my place for some sloppy hard fucking. You guessed it, I kept my panties on the whole time I'm such a little whore!

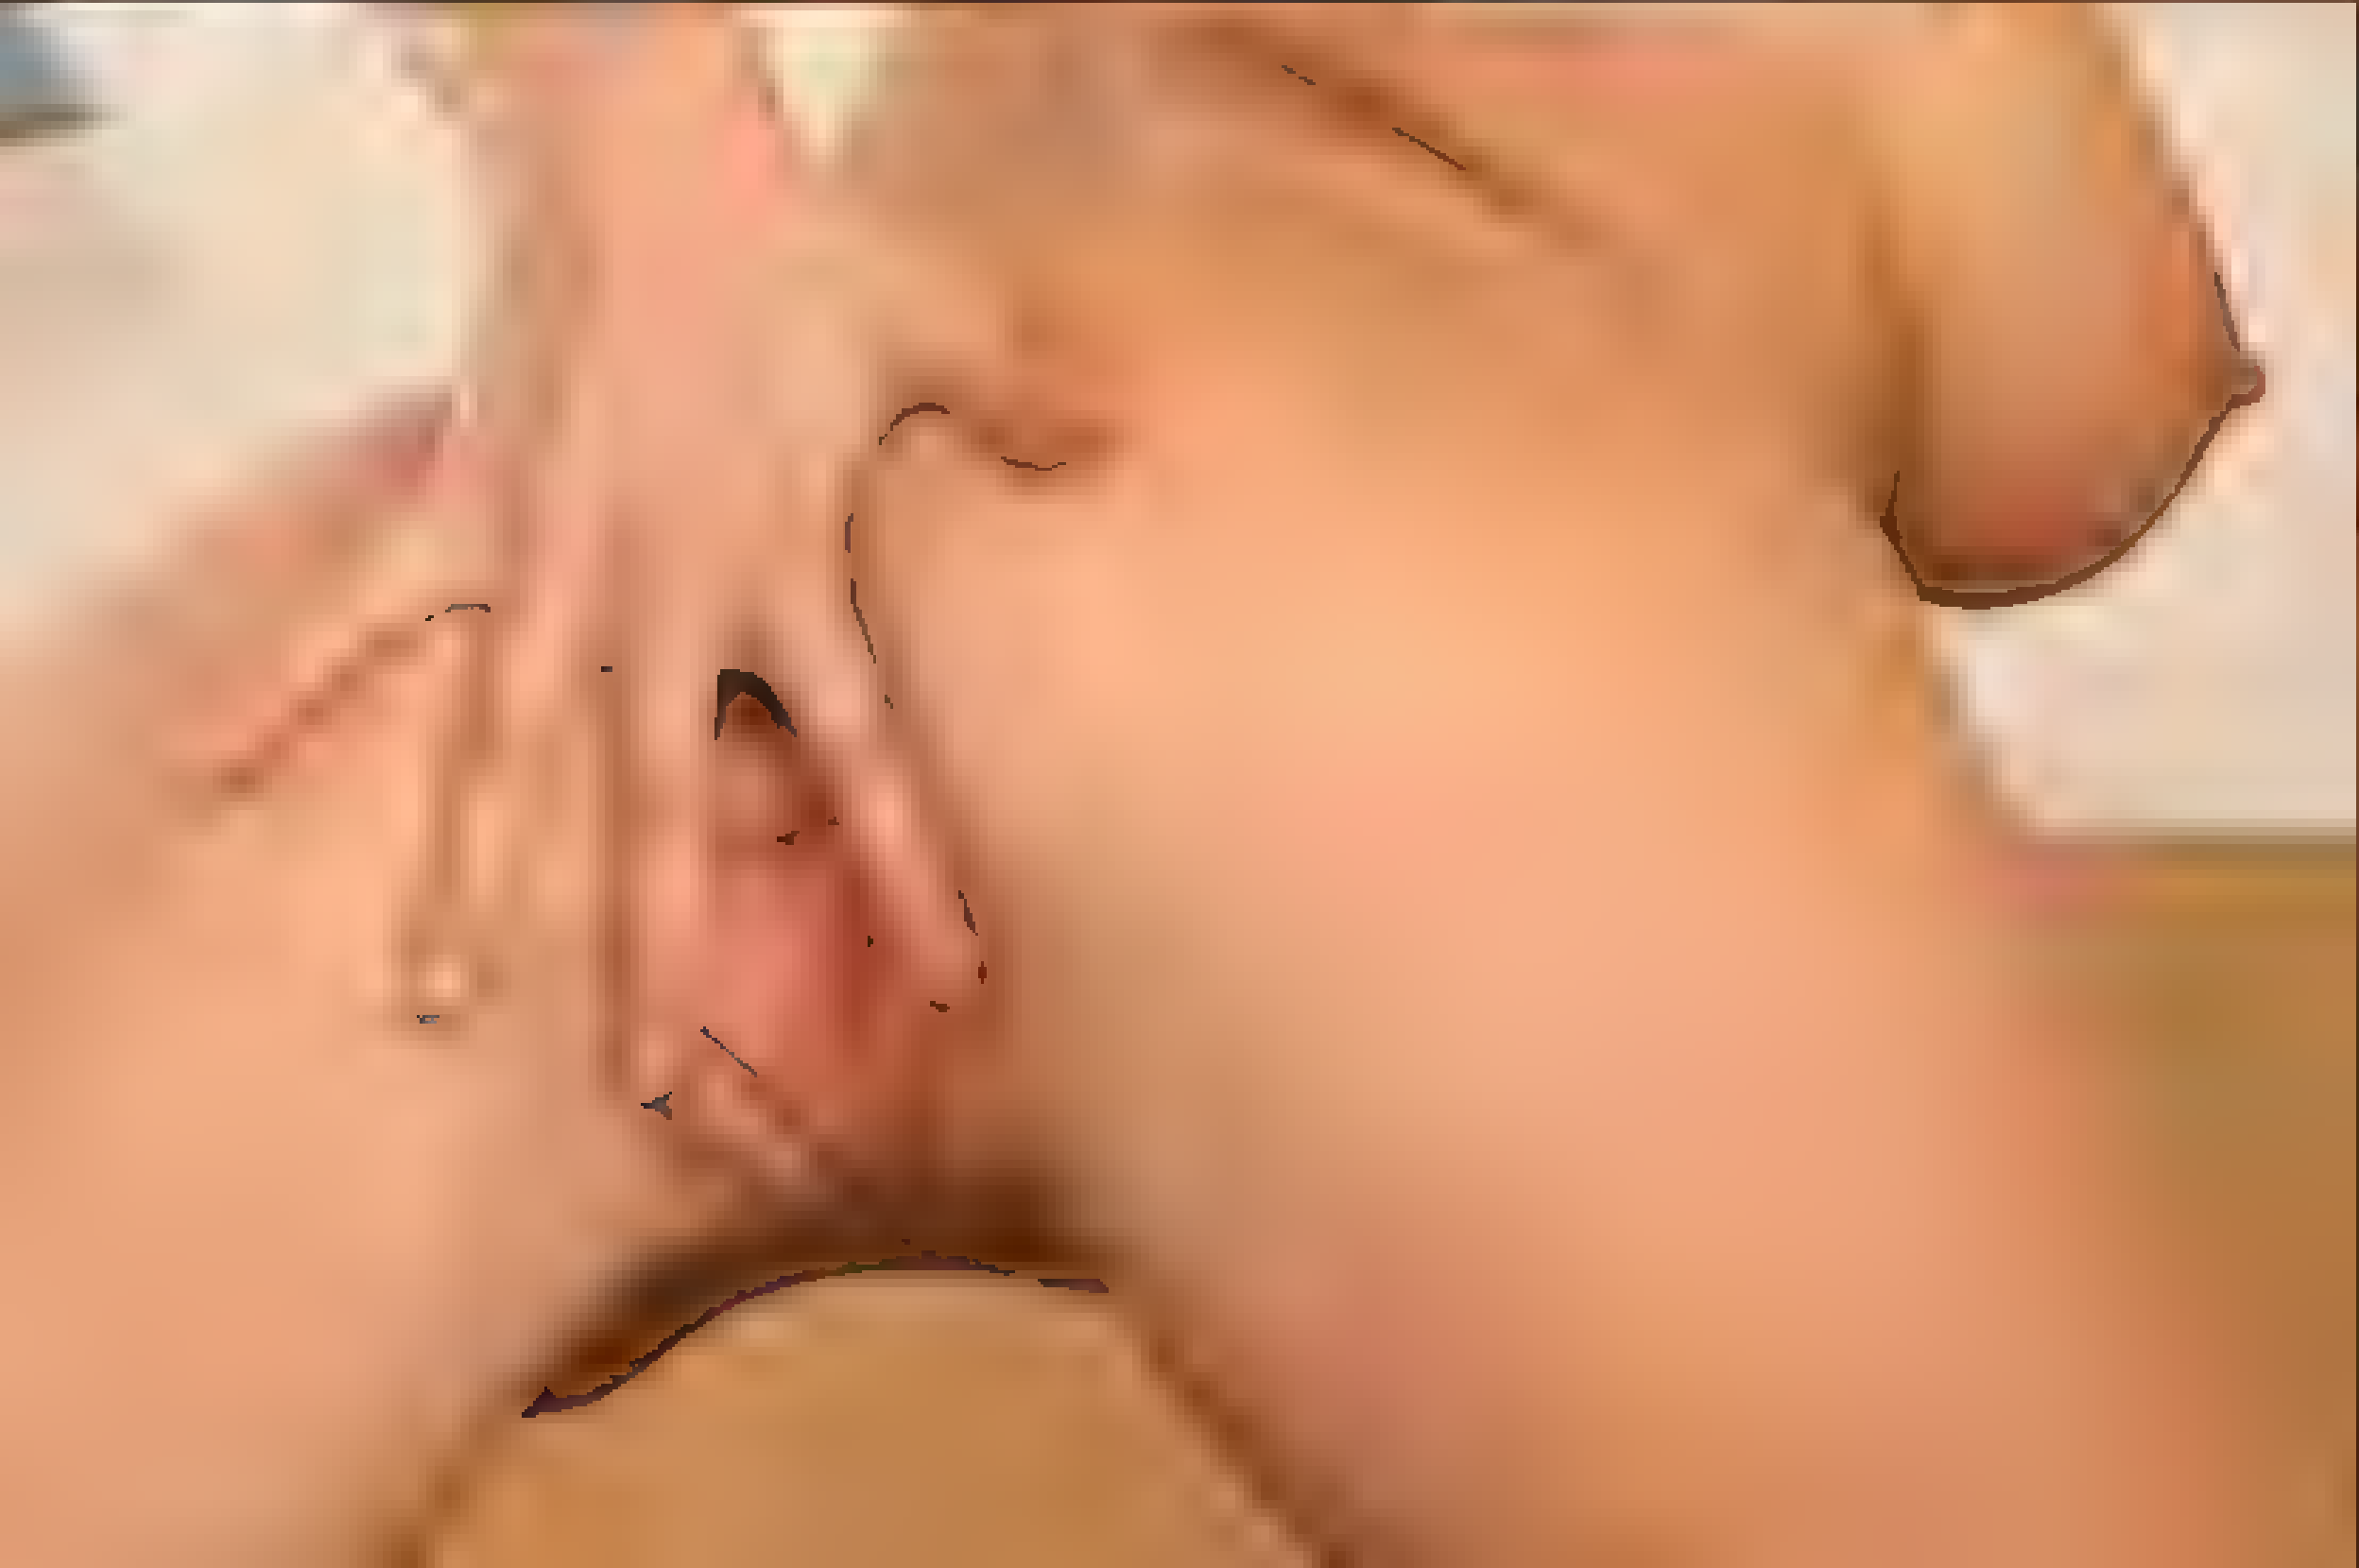

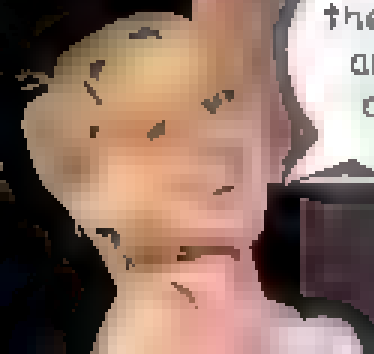

# TOOT TOOT

**T**here is nothing nicer than taking a nature hike on a hot sunny day! The sun kisses my warm skin, making every inch of my body feel alive and tingly and I get so turned on that my pussy just screams for some loving. I always come up to this one spot in the mountains that's nudist friendly to reconnect with nature. Besides, I get totally naked and finger my pretty pussy with my sunny runs over with my girl jocks. Last time I was there, I came so hard a guy came running and saw me putting my clothes back on. I was still really horny so I fucked him—he popped my cherry right then and there! Got poison ivy, but it was totally worth it!

# Jessi

**W**orking out and working up a sweat is my favorite thing to do. Don't tell, but I also love getting fucked! See, I get so horny working out at the gym, 'cause I stretch so much and my skin tight yoga pants creep up and trace the lips of my peach. My tasty sticky pussy gets all wet as my clit rubs the right way in spin class. Having a slow building orgasm is typical in my workout routine. My pussy drools as I spread my legs wide open during my cool down stretchers. But still, all that stretching is going to waste. Being so damned busy between school, working out and my part time job, finding time to date is hard. I need to get a real guy to just fuck me deep and hard! If you guys only know how easy it would be to eat this sweet fruit!

Sapphire won't cum for just anyone, but she loves to let everyone see what they're missing!

A photograph of a woman lying on her back, looking upwards. She is wearing a light pink, lace-trimmed bra. Her hair is dark and pulled back. The background is a plain, light-colored wall. The image has a soft, slightly blurred quality.

**I** love to show off my hot body! And when I show off I get really turned on! Like, I rarely wear panties anymore. I just love the way my pants feel all rough and stuff against my clit. I was just walking and I saw this hot guy and my mind started to wander. When I looked down a little spot of girl juice was starting to form in my crotch. I ran back to my car, eased down my jeans a bit and fingered myself in the front seat. As I was zip-ping up I saw a security guard just staring at me with his mouth open! I smiled at him, licked my fingers and drove away! Hee-hee!

# Lucie

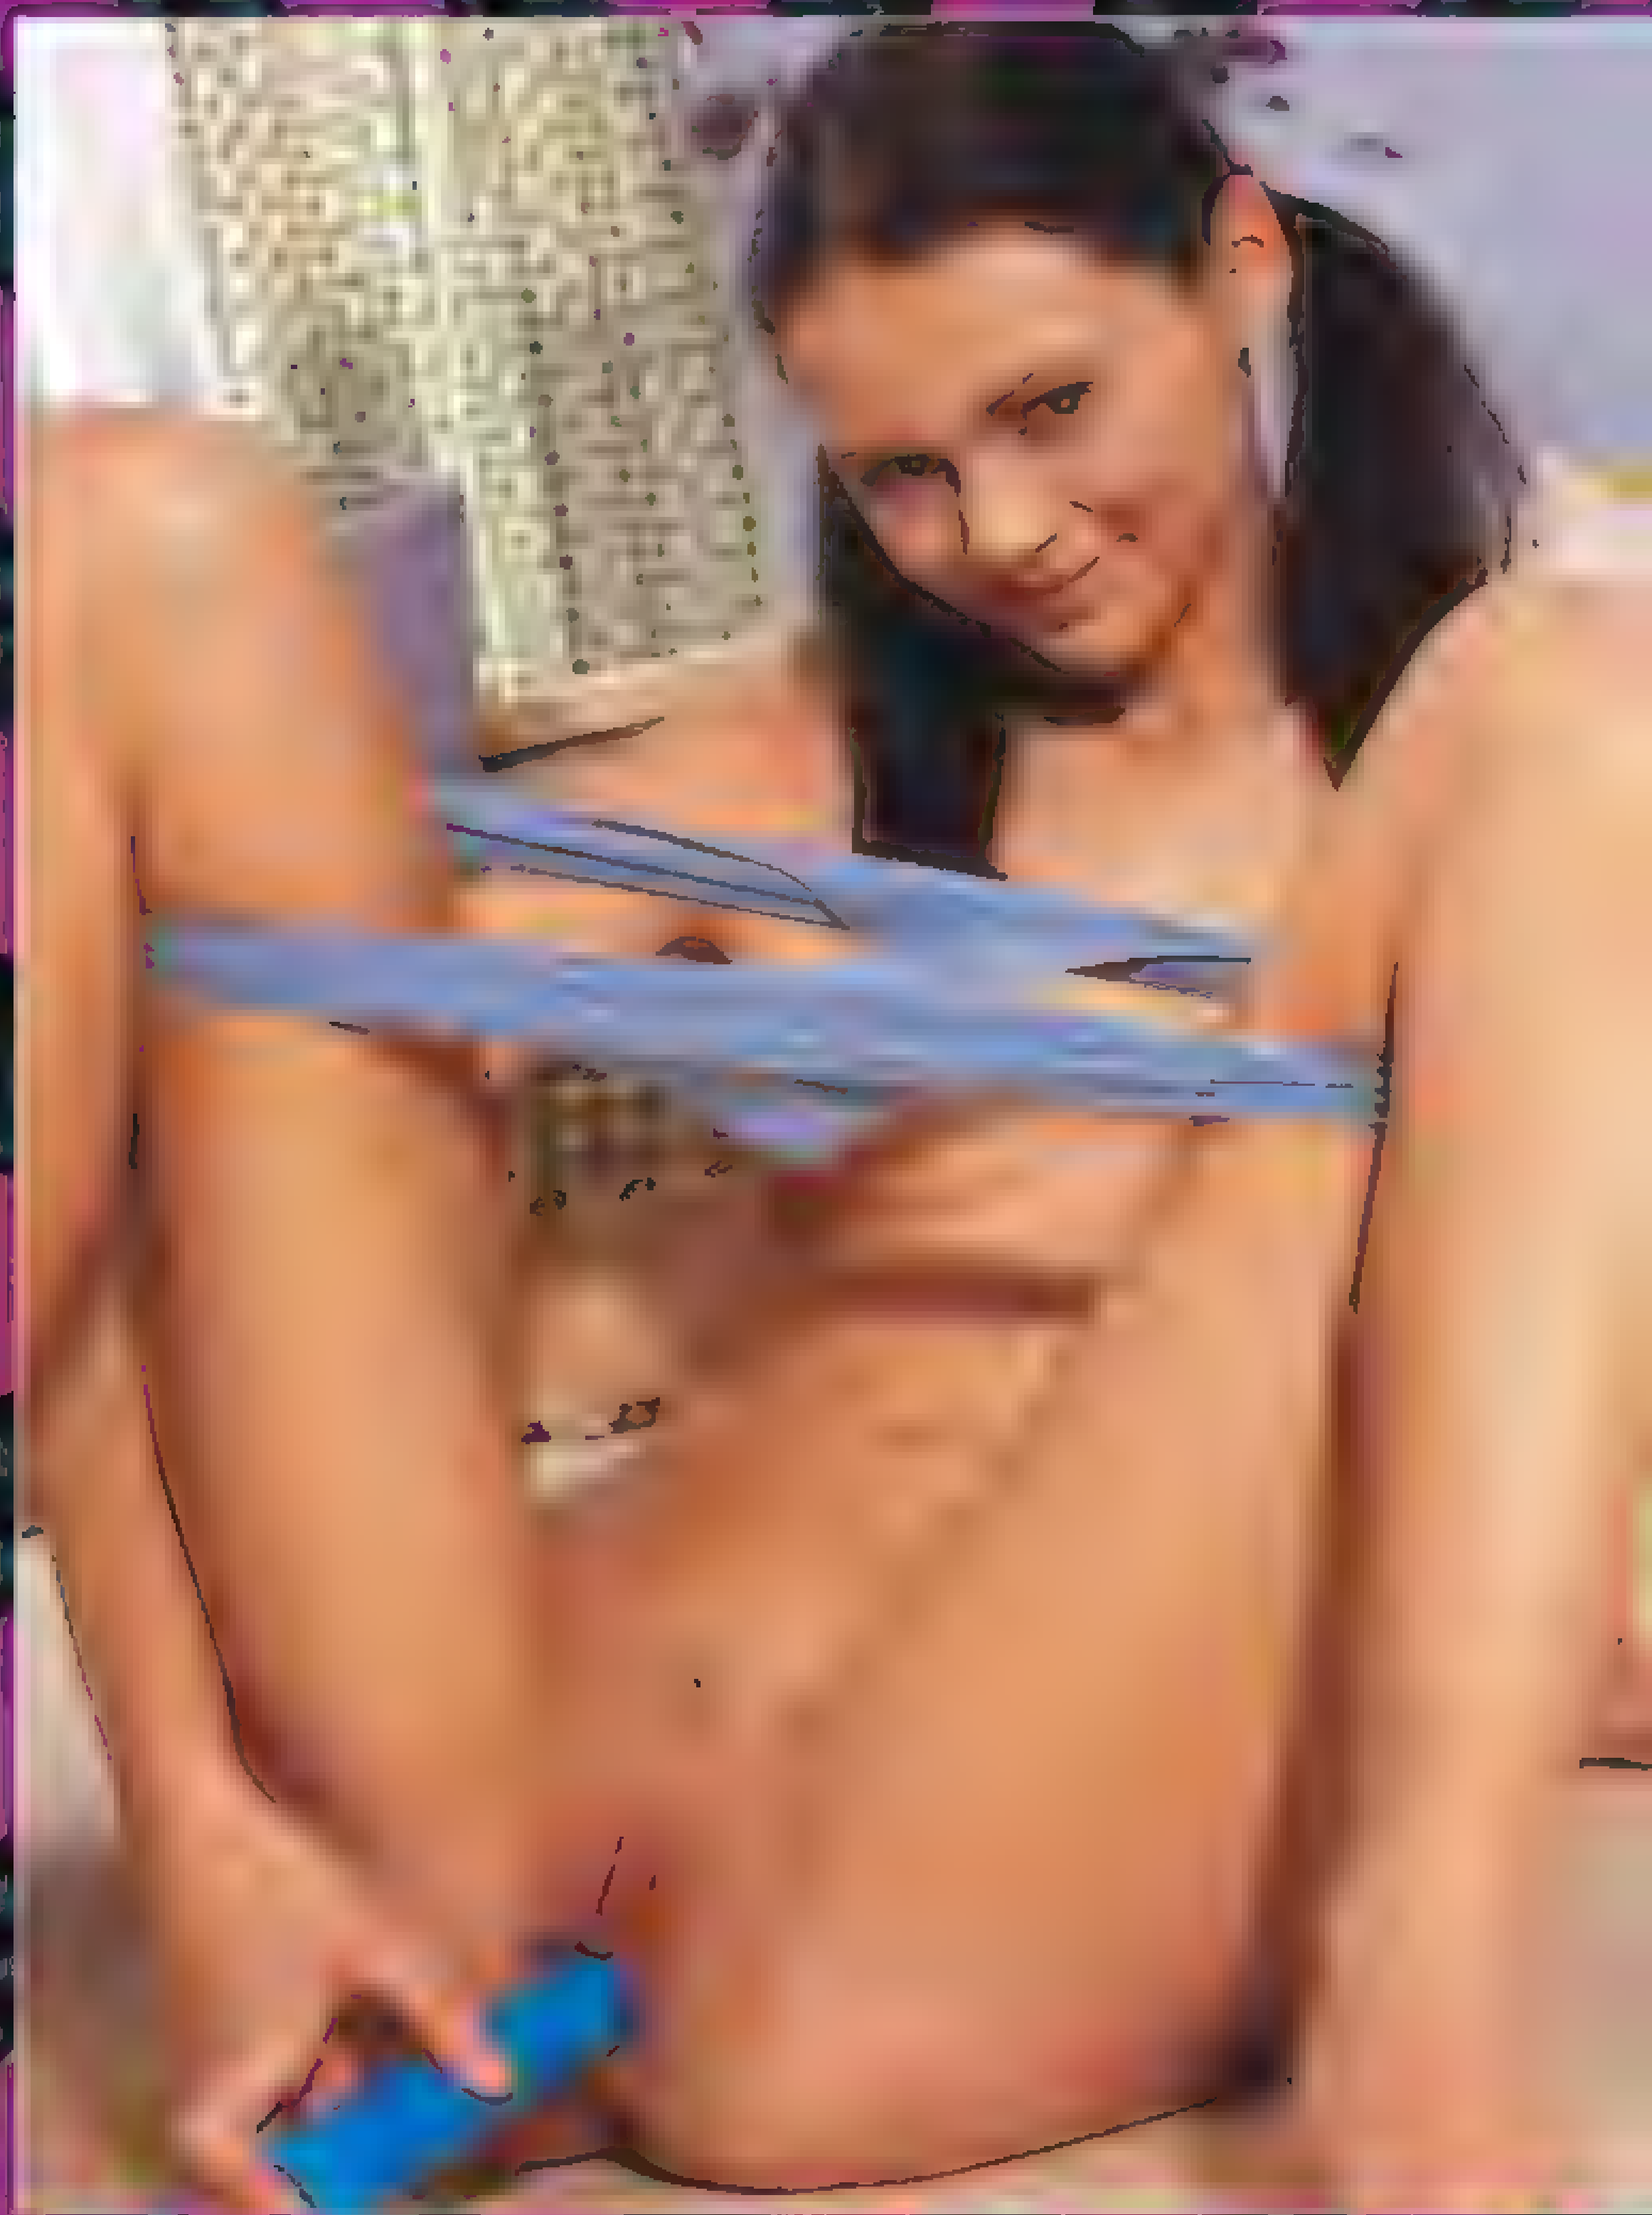

**M**y ex-boyfriend always called me a loose 'cause I wouldn't let him take my virginity. I guess I was so I was right for once, but I wanted to be all pissed and kicked him to the curb. With revenge in mind, I went out to where his friend's band was playing. Immediately after his set I climbed up to his and put my tongue in his ear and told him I wanted to fuck. You could almost hear his cock getting instantly hard, and he asked if I was suddenly single. I gripped his cock and purred into his ear, "Go in reverse," and we were screwing in his car in seconds! I let him take all of my virgin holes that night, even my butthole! Boy, will my ex be pissed when he reads this! What a wicked, sexy, wicked girl!

Be careful around Lucie. Her holes are dangerous when wet!
